LMMA.NET

Lake Mary Montessori Academy offers a private education for preschool, kindergarten and elementary aged children with half-day and full-day programs, 3 and 5 days a week.

At LMMA, our vision is in achieving an absolutely peaceful world, a global community based on interdependence, and a respect for all life and all people... through the only path that can truly lead us there — our children.

Tailored to challenge minds, stimulate creativity, and nurture skills in problem-solving, leadership, and working with others, we are committed to our mission of:

- Inspiring a passion for excellence,
- Nurturing the curiosity, creativity and imagination born within us all and,
- Awakening the human spirit of every child.

Learning at Lake Mary Montessori Academy is unique. Art, technology, science and history are paired with self-awareness and a global perspective, maintaining a goal of independence and leadership. Our students develop with respect for self and others, honesty, integrity, responsibility, compassion, peacefulness and a love of community.

Lake Mary Montessori Academy has been accredited through the American Montessori Society (AMS), the Southern Association of Colleges & Schools (SACS / AdvancED), and the Commission on International and Trans-Regional Accreditation (CITA).

Since 1995, LMMA continues to shape tomorrow's global leaders.
